

TEST

HACK TOGETHER SIMPLE SLIDES

TEST

```
public boolean test(String name) {  
    return true;  
}
```

THE BASICS

- Separate slides using '---' on a blank line
- Write github flavored markdown
- Click 'Present' (top right) when you're ready to talk

QUICK TIPS

- There is also a speaker view, with notes - press 's'
- Press '?' with focus on the presentation for shortcuts
- *You can use html when necessary*
